

List of Figures

Fig. No.	Title	Page No.
1.	Seasonal variations of soil pH in the mouth of Haldi River	82
2.	Seasonal variation of soil organic carbon in the mouth of Haldi River	83
3.	Seasonal variation of available nitrogen in the soil of the river mouth	84
4.	Seasonal variation of available phosphorous of river mouth	85
5.	Seasonal variations of soil available potassium in the mouth of Haldi River	85
6.	Seasonal variations of water temperature in the river mouth	87
7.	Seasonal variations of water pH in the river mouth	88
8.	Seasonal variations of water dissolved oxygen in the river mouth	89
9.	Seasonal variations of water BOD in the mouth of Haldi river	90
10.	Seasonal variations of water COD in the river mouth	91
11.	Seasonal variations of water alkalinity in the mouth of Haldi river	92
12.	Seasonal variations of salinity in the mouth of Haldi river	93
13.	Seasonal variations of nitrate in the mouth of Haldi river	94
14.	Seasonal variations of phosphate in the mouth of Haldi river	95
15.	Seasonal variations of metal contamination in soil	97
16.	Seasonal variations of metal contamination of water in the mouth of Haldi river	100
17.	Bioaccumulation of fish in the mouth of Haldi river	101
