a) According to the Ph.D. 2022 regulations, College Professors cannot be the sole supervisors of Ph.D. degree. No one from our department wants to be co-supervisors with them.

b) Besides, they are seeking advice from the University authorities on some issues.

i) Now two are wanting to be supervisors, and later a few more will want to, who will stop this Geometric progression?

ii) If we recommended for them, there is a possibility that other Department will also drag us down. Our department does not want to be such an example about this matter.

iii) Who will take responsibility if someone behaves unethically?

iv) Moreover, who will take responsibility for coursework and RAC?
