The Publisher describes the context of the
book in its jacket—"We live in a world that
is increasingly defined by a contest of
incommensurable narratives. This situation
has emerged over a period of time shaped
by the rise of populism, the increasing
polarization of societies, what has been
dubbed as "post-truth" politics, and most
recently Russia's war in Ukraine. The
Internet is replete with narratives that
contest basic facts about climate change, the
COVID-19 pandemic, and the atrocities that
Russia is currently committing in Ukraine"
